Weather permitting we will enjoy a beach BBQ. Overnight at anchor.
3	Monday	KRAMAT Island – SATONDA Island	Morning sailing to Satonda Island. This spectacular island took its name from its dormant volcano and its extraordinary crater lake in its center. The island is uninhabited and lush. Legend says the crater got filled after a tsunami caused by a nearby volcano explosion. Our optional walking tour will take you to the crater edge and to a lookout high on the island, the ideal place for spectacular photography. You will pass by “wishes trees” decorated with fishing stone, shells and pieces of coral. Make a wish and leave your seashell or stone too. Later we return to the beach for a refreshing swim and snorkeling in this underwater paradise. At sunset, we will leave Satonda and sail overnight to Flores Island. Overnight at sea.

Rinca is the refuge of the world famous Komodo dragon, a giant lizard measuring up to 11 feet in length and weighing in at over 300 pounds. More authentic than nearby Komodo Island, Rinca has more Komodo dragons and sightings are more frequent. Local rangers will guide this OPTIONAL EXCURSION through the habitat of the Komodo dragons who live on deer and wild pigs and buffaloes that share the island with them. Travelling in small groups with the guide and a park ranger, guests will make their way along paths that lead through pockets of thorny vegetation and dry tropical grasslands. We will walk approximately 2 hours along a trail and stop at the area's most favorable observation point to possibly locate more Komodo dragons. By mid-day we will return to the jetty and re-board to the zodiac and return to vessel. We will leave Rinca Island to sail to nearby Padar Island. We reach Padar Island' Pink Beach. Snorkeling and beach activities. We can walk to an observation point and admire three of Padar's magnificent beaches, one with black sand, one with pink sand and one with yellow. The OPTIONAL HALF DAY EXCURSION starts with a walk around the village to witness daily activities of the local people and then continues with a hike to Mata Jitu waterfall passing through plantation of cashew nut. The falls lie 600 m above sea level beneath Mount Rinjani, a spectacular dormant volcano. The cool, fresh air and calm hill will provide a comfortable resting point.
